EXECUTIVE SUMMARY

Sunken Valley Farm is an innovative, eco-friendly agricultural startup focused on providing sustainable organic produce to hospitality businesses. Our mission is to create a farm-to-table supply chain that minimizes waste and maximizes quality. We are seeking $500,000 in funding to expand operations, implement advanced hydroponic farming systems, and scale production to meet increasing demand.

COMPANY OVERVIEW

Sunken Valley Farm was founded with the goal of revolutionizing local food sourcing by offering a direct-to-business organic supply chain. Our vision is to become the leading sustainable farm provider for boutique hotels, restaurants, and luxury resorts nationwide. By partnering with high-end hospitality establishments, we aim to create a seamless farm-to-table experience that benefits both businesses and consumers.

MARKET OPPORTUNITY

The farm-to-table market is growing rapidly, with consumer demand for locally sourced organic food increasing by 12% annually. Hotels, resorts, and restaurants are prioritizing partnerships with sustainable suppliers to meet guest expectations. This shift presents a major opportunity for Sunken Valley Farm to establish long-term contracts with hospitality providers, leveraging the growing emphasis on eco-conscious dining experiences.

PRODUCTS & SERVICES

Offerings include:

- Organic produce supply: high-quality fruits, vegetables, and herbs grown using sustainable practices.
- Custom farming solutions: tailored crop production based on hotel and restaurant menu needs.
- Sustainable packaging: 100% compostable and eco-friendly packaging solutions for delivered goods.
- On-site consulting: assisting hospitality businesses in developing their own in-house herb gardens and sustainability programs.
- Farm tours & educational workshops: partnering with resorts to offer immersive sustainability experiences to guests.

COMPANY STRUCTURE

Sunken Valley Farm is a privately held LLC, founded by a team of agricultural experts and sustainability advocates. The leadership team includes:

JI-MIN AN

CEO

KALLE PERSSON

COO

JORDAN MITCHELL

Head of Partnerships

OPERATIONAL PLAN

To meet demand and ensure a steady supply of premium organic produce, Sunken Valley Farm will:

1. Establish hydroponic and vertical farming facilities to maximize production capacity.
2. Implement technology-driven inventory and distribution systems for seamless order fulfillment.
3. Develop strategic partnerships with logistics providers to optimize delivery efficiency.
4. Hire key personnel specializing in farm management and hospitality partnerships.

MARKETING & SALES STRATEGY

- Direct B2B outreach: targeting high-end hotels, resorts, and restaurants to secure long-term contracts.
- Sustainability branding: emphasizing our zero-waste commitment and premium organic quality.
- Partnership development: collaborating with eco-conscious hospitality brands to enhance visibility.
- Digital marketing: leveraging SEO, content marketing, and social media to build brand awareness.

COMPETITIVE ADVANTAGE

Sunken Valley Farm specializes in premium organic produce with a strong commitment to sustainability. Our zero-waste farming methods and local sourcing strategy set us apart from competitors, ensuring that hospitality businesses receive the freshest ingredients with minimal environmental impact. By offering tailored farming solutions and exclusive partnerships, we provide a fully customizable farm-to-table experience for high-end establishments.

FINANCIAL PROJECTIONS

Projected revenue growth over the next 3 years:

YEAR 1:	YEAR 2:	YEAR 3:
$750,000	$1.2 MILLION	$2.0 MILLION

FUNDING WILL BE USED FOR:

$200,000	Expansion of hydroponic greenhouse facilities
$150,000	Equipment and technology upgrades
$100,000	Marketing and sales expansion
$50,000	Hiring key personnel

RISK ASSESSMENT

Potential challenges and mitigation strategies:

- Supply chain disruptions: establish multiple sourcing points and backup suppliers.
- Market competition: focus on differentiation through sustainability and premium quality.
- Operational scalability: gradual expansion with controlled scaling to prevent overextension.

EXIT STRATEGY

Long-term goals include:

- Expanding nationwide through franchise partnerships.
- Exploring acquisition opportunities with major hospitality brands.
- Potential IPO or equity-based investment to scale operations globally.

MILESTONES & ROADMAP

Q2 20YY:	Secure additional hotel and restaurant contracts
Q4 20YY:	Complete hydroponic farm expansion
Q2 20YY:	Scale operations to additional cities
Q4 20YY:	Reach $2M in revenue and expand national distribution

NEXT STEPS

We invite potential investors and business partners to join us in transforming the hospitality industry with sustainable, locally sourced organic produce. To discuss investment opportunities, please contact Ji-Min An at ji-min@sunkenvalleyfarm.com.
